MEMORIES SET IN STONE

## THANK YOU FOR THINKING OF US

We understand that this can be a difficult time which is why we'd love to help make the process of engraving your headstone as simple as possible.

Our aim is to nurture your ideas and make them flourish on the headstone of your choice.

Please take a moment to read about the details on how to get started. We will then talk you through choosing a care package that's right for you.

We like to work side by side with you so that we can help honour your memories. If you don't know what you want then do not fear - we are happy to draw upon our experience to give you informative and inspirational recommendations.

## YOUR QUOTE

For an accurate quote as soon as possible, please consider the questions below. If you're unsure as to what you want that's absolutely no problem, we're happy to give recommendations and talk you through all the options available.

### Where is the burial site?

Every council has different regulations regarding headstones. Please tell us where you will be installing the headstone so that we can ensure that it complies with the right specifications for your chosen burial site.

### What size were you thinking?

A standard headstone measures 600mm x 400mm. Engraving upon a headstone of this size starts at \$350 and increases depending on the complexity of your engraving. We are always happy to discuss your ideas for a headstone of any size, large or small.

### What would you like us to engrave?

Please take a moment to think about the engraving on the headstone. Is there a special quote you would like to add? A particular saying that was always used? Or is there a favourite photo you would like to share? We can keep it simple or bespoke, just tell us what you would like.

### ENGRAVING IN EASY STEPS:

Contact us regarding your engraving needs via phone, email or a studio visit.

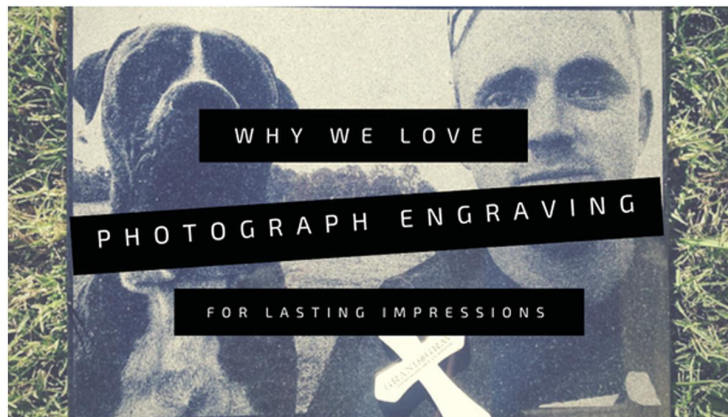

Provide us with the details you wish to have engraved eg. name, date, photo.

Working together we will create up to 3 proofs of your engraving to be certain that you are happy with the final design.

Once the design is finalised we will engrave your headstone, as well as deliver and/or install it should you wish.

*I look forward to speaking with you soon about your ideas.*

Warmest Regards,  
Callvm Bishop

Photograph engraving is a beautiful way in which to capture a special moment forever.

Just ask us about how photo engraving may suit your design.
